

Confluence Add-Ons Deactivated

Due to the lack of updates and potential security issues we decided to permanently deactivate the following add-ons:

- Gliffy Diagrams
- Questions for Confluence
- Chat for Confluence
- LaTeX Plugin
- Multivote for Confluence

As an alternative to Chat for Confluence we recommend you to use Webex (formerly known as Webex Teams) for direct messaging.

Best regards,

Your HHN IT Atlassian Admin Team
